VEGGIESTAR

INDOOR LEAFY VEGETABLE GROWING SYSTEM

01

Veggiestar is an indoor, multi-level growing system, elegantly designed to enhance your space.

02

Grow healthy, fresh, crisp vegetables throughout the year using only RO water, without soil.

03

RO water is enriched with essential nutrients through hydroponic technology.

04

Built-in automation manages nutrient supply, fertigation, EC and pH monitoring, and LED lighting for optimal plant growth.

05

Everything is fully automatic. No farming knowledge is required to enjoy fresh and crisp vegetables.
